

Motivation Letter for the Audit Board Position as Legal Auditor

Dear all,

my name is Ivo and I have applied for the position as a member of the Audit Board of ESN Germany as a Legal Auditor.

I spent my exchange semester 2008/09 with the ERASMUS-Program in Krakow in Poland and it was an amazing experience. In addition to living in another country for an extended period of time and getting to know Poland and the Polish people, I was amazed by the experience of meeting people from all over Europe (indeed, the world) and the ability to study, chat and party with them. After my return to my university in Greifswald, I hooked up with my local ESN section, LEI Greifswald, in late 2009. Since then I've been an active member of ESN Greifswald and thus ESN Germany.

Within ESN Greifswald I've participated in the organizing of all kinds of events which make up ESN life, from cultural events over parties to field trips. In 2011, I served for a year on the local board and was responsible for maintaining our inventory (here we lovingly call it "Kramwart"). I also was the financial auditor of our section for several years. In 2012 we hosted the National Assembly in Greifswald, which was a lot of stress but also a lot of fun.

Since the workload at my job(s) has increased, I do not have as much time for the day-to-day activities of my section as I used to. However, I still wish to contribute to ESN and therefore I decided to apply for the position as Legal Auditor.

While I'm not a lawyer, I did study law as a minor subject so I'm relatively well-versed in legal terminology and thinking. I'm also an active member of several political and non-political organizations here in Greifswald, where I often serve(d) on the boards. Thereby I have gained quite a few experiences in the administrative and organizational challenges of holding and structuring official meetings, dealing with other institutions and in general solving problems.

I also DO know one or two lawyers, former members of ESN Greifswald, whom I could definitely turn to for some legal advice ☺

So, I would appreciate it if you could support my application and vote for me during the upcoming National Assembly.

Best Regards,

Ivo
